Hi Dave,
I've assigned Ecology control numbers as follows:
KLIC-09-04 CS4-01230C@1 Cherry River Farms Inc
KLIC-09-05 CS4-27781C@1 Cherry River Farms Inc
There are two 1998 pending change apps to change POU for Harris Farms Inc. Maybe because of these new apps, the 1998 apps can be withdrawn.

Thanks Sandy,

Woops, I will mail KLIC-09-04 (right # S4-01230C) with signatures to John. Sorry for the mix up. The applicant started with one application for the two water rights. The Board decided it needs to be done with two applications, one for each right. The applicant simply crossed off one of the water right numbers in section 2 of two copies of the application.

Here they are. I noticed KLIC-09-04 signature page has no signatures. It looks the same as the signature page for KLIC-09-05 which has signatures so I thought about making a copy but wanted to be sure they both had the same signature page before I assumed anything. I hope to have the control numbers for you today or tomorrow.

John,

Sorry about the inconvenience, but please email me pdf copies of the two Cherry River Farms applications I mailed to you this week. I didn't make a copy of one of the applications. Thank you.
